

James Camilleri

UX Digital Designer

j@oeightfive.com.au
0432344419

I am passionate and motivated to produce standout work with my own personality and flair. With years of experience performing in deadline driven environments, I bring an emphasis on quality and attention to detail to all of my work.

Examples of my work can be found online at: www.oeightfive.com.au

October 2016 - Present

UX Digital Designer - SEEK Learning

In 2016 I joined SEEK Learning's UX team where I have worked on the UX design of their new website and other products. I have also learned about UX research and have been moderating user research sessions.

March 2015 - October 2016

Landing Page Optimisation Designer - SEEK Learning

At SEEK Learning I worked with the marketing team to create landing pages and set up A/B tests for for lead generation.

February 2011 - July 2013

Multimedia Designer - Carsales.com.au

My initial role at Carsales was to create animated banners, but that quickly grew into other roles such as working with print, creating storyboards, producing video and assisting in art direction.

February 2006 - November 2009

Multimedia Designer - Ryebuck Media

At Ryebuck media I produced interactive flash modules for educational websites and CD-ROMS. A few of the projects that I have worked on have received ATOM* nominations and awards.
